PROFESSIONAL SUMMARY

Senior 3D & Graphic Designer with 6+ years of experience creating, optimizing, and delivering high-fidelity 3D assets for digital fashion, e-commerce, and real-time 3D simulators. Proven expertise in Blender, CLO 3D, and Adobe Creative Suite with end-to-end knowledge of 3D modeling, UV unwrapping, PBR texturing, lighting, typography, and asset optimization. Successfully delivered 300+ production-ready 3D models and digital assets with strict quality control for global platforms.

CORE SKILLS

- **3D Modeling & Simulation:** 3D Apparel (CLO 3D), Hard Surface & Organic Modeling (Blender), Mesh Topology, UV Mapping, PBR Texturing, Shaders, Lighting, High-Quality Rendering.
- **Asset Pipeline & Optimization:** Low-Poly Optimization, OBJ / GLB / glTF Asset Preparation, Multi-Color & Material SKU Variations, Quality Control (QC), 3D Simulator Integration.
- **Graphic Design & Typography:** Typography & Font Hierarchy, Layout Design, Visual Branding, E-Commerce Product Image Retouching, Background Removal, Banner Design.

PROFESSIONAL EXPERIENCE

Senior 3D & Graphic Designer

2020 – Present

Infoeye Software Pvt. Ltd. | Sardarshahar, Rajasthan, India

- Model, simulate, and optimize photorealistic 3D apparel and product assets using Blender and CLO 3D for e-commerce platforms and web-based 3D configurators.
- Executed full PBR texturing workflows, material setups, custom studio lighting, and high-resolution rendering, reducing asset load latency and render times.
- Successfully delivered 300+ 3D model corrections and asset libraries with consistent accuracy and tight turnaround times.
- Prepared production-ready, lightweight OBJ and GLB/glTF files, verified geometric scale, fixed visual glitches, and managed color/material variants for client simulators.

- Applied advanced typography, layout design, and brand identity principles to produce promotional graphics, textures, and digital visuals using Photoshop and Illustrator.
- Collaborated closely with 3D developers, creative directors, and cross-functional teams across multiple time zones.

Hindi: Native/Fluent speaker. Experienced in reading, writing, understanding, and reviewing Hindi content in Devanagari script. Comfortable with Hindi grammar, spelling, translation, proofreading, and content evaluation.

English: Good working knowledge of English. Comfortable with reading, understanding, and writing English for basic professional and technical communication. Able to review and understand English instructions and AI-generated content.

AI/Data Experience: Familiar with reviewing content, checking accuracy, identifying errors, and following detailed guidelines for data annotation and AI response evaluation.

EDUCATION

Master of Science (M.Sc.) in Computer Science **2025 – 2026 (Pursuing)**
Maharaja Ganga Singh University, Bikaner, Rajasthan

Bachelor of Arts (B.A.) **Graduated 2024**
Maharaja Ganga Singh University, Bikaner, Rajasthan

SOFTWARE & TOOLS

- **3D Software:** Blender, CLO 3D
- **Adobe Creative Suite:** Photoshop, Illustrator, Lightroom, InDesign
- **Design & Presentation:** Canva
- **File Formats:** OBJ, GLB, glTF, FBX, PSD, AI

PROFESSIONAL STRENGTHS

Attention to Detail | Visual Quality Assurance | Time Management & Tight Deadlines
| Cross-Functional Teamwork | Remote Work Discipline
